

Valued Guests

Due to on-going market conditions, it is necessary to increase the price of menu items that contain eggs, as either the primary or secondary ingredient. We appreciate your understanding. Please contact DFAC management regarding any questions you may have regarding this matter. Due to this upsurge in costs, a price increase on select menu items will go into effect February 1, 2023.

The pricing adjustments are posted online and can be accessed using the provided QR Code. There, you will see what items are affected by the price increase.

We wish to thank you for your valued patronage and understanding.
