Air Force Family Child Care

Whether military or civilian, parents are more successful in performing their military mission, secure in the knowledge that their children's safety, health, and well-being are protected. Air Force Family Child Care Programs are designed to give parents that peace of mind. One of the hallmarks of the Air Force Family Child Care Program is its ability to tailor the types of care offered to virtually fit every schedule, deployment, or special need.

Air Force Family Child Care Providers undergo stringent certification requirements: 15 AF FCC Training modules (approximately 60 clock hours), monthly unannounced home visits, background investigations, annual training, and certification in first aid and cardiopulmonary resuscitation (CPR) for children 2 weeks to 12 years.

Air Force Home Community Care Providers, who are recruited by Child Care Aware of America are state licensed, have completed background investigations, and certification in first aid and infant/child CPR.

Expanded Child Care (ECC)

The ECC Program assists families in obtaining high-quality child care from licensed or affiliated providers at or near the installation and Air Force Home Community Care Providers who are recruited by Child Care Aware of America. Child care is available for children 2 weeks to 12 years. Use of ECC is permitted once all paperwork is completed and approved.

Parents using ECC are expected to arrange their work schedules to have ample time to be with their children. ECC may not be used to support school attendance, off-duty employment, or any other child care needs other than official duty.

Subsidy (SUB)

The SUB Program is designed to assist family's utilization of an FCC home and pay the same weekly fee they would be charged for child care in an Air Force Child Development Center (CDC) or Air Force School-Age Care (SAC).

Currently, Air Force is buying down the cost of child care for those families who have: children/youth on the waiting list when there are no spaces available in the CDC or SAC; children/youth with special needs; parents that work outside the normal operating hours of the CDC or SAC.

Eligibility requirements:

- Member of Military Service Active Duty, Reserve/Guard Member in Activated Status, DoD civilians/Contractor
- All adults living in the household must be either working or enrolled in school
- Completed AF FCC ECC Request
