The theme of the 2020 Air Force Photo Contest is “We Are Family.” Uncertain and changing times remind us of what matters most: our people, connections and family. Families form in homes, units, communities and workplaces. We have families we are born into and family tribes we form along the way. In this time of together, yet apart, we have experienced sadness, joy, humor and for too many, uncertainty and loss. As we look to the future, we invite you to share what family means to you.

Participants may enter up to two images. Photographs may be entered in only one category. Photographs will be judged by an expert panel based on Impact, Creativity, and Technical Excellence.

Entries will be accepted July 1-31, 2020 via https://airforcephotocontest.wishpondpages.com. Prizes awarded to the top three entrants in each category. Only one prize awarded per entrant.

Categories include: Adult Novice, Adult Accomplished, Youth Child (age 6 to 8), Youth Pre-Teen (ages 9 to 12), and Youth Teen (ages 13 to 17). Submissions for the youth categories must be made on behalf of the minor photographer by the legal parent or guardian.

Photographs must be submitted as JPG or JPEG files, and must be 300 dpi when saved at approximately 8.5” x 11” (approximately 2400 x 3600 pixels). Files may not exceed 9MG in size.

Winners will be notified via the email provided during the submission process.

Please visit, like, follow and share the Facebook Page, Air Force Photo Contest. Updates, photographer stories, tips, and special features will be posted weekly.

**Tips for Photographers**

**CENTER OF INTEREST:** Image makers decide where to focus our attention. There is always a primary focus, but there can be a secondary. At times, the elements in an image work together to create that center of interest.

**CREATIVITY:** Your point of view is uniquely yours. Your imagination and how you choose to visually convey your idea and vision differentiates you from others. Be fearless! Stand out!

**HUMOR:** Humor means one thing to an 8 year old and another to an 80 year old, or does it? Visual humor has universal appeal. Make us laugh.

**IMPACT:** Viewing an image evokes feelings in your viewer. Thoughfully produced images force us to look inward at ourselves. Make the decision to impact your viewer when composing images. Be uncompromising.

**REFLECTION:** Reflection can be a powerful way to share a story. Images caught in a reflection are framed and gifted back to us.

**TECHNIQUE:** Technique informs everything in the creation of your image: lighting, posing, printing, presentation. The choices you choose and master inform your image and impact your viewer.

**TEXTURE:** Can you inspire your viewer to reach out and touch?

For more tips, visit the Air Force Photo Contest page on Facebook.
